This is to advise of the following Direction of Madam Prothonotary Aylen dated April 8, 2021;

“The Court has issued the attached Order in T-130-21 and nine other proceedings commenced based on Mr. Turmel’s kit claim. As set out in the Order, T-130-21 has been designated as the lead claim and the other nine claims have been stayed pending a final determination in T-130-21 and any appeal therefrom. Following the final determination in T-130-21, it will be open to the Plaintiffs in the other nine actions to request that the Court permit their claims to proceed if they can demonstrate that they are differently situated than T-130-21 such that they should not be bound by any final determination made therein.

The Court proposes to proceed in the same manner in relation to your proceeding. In the event that you oppose a stay of your proceeding on the terms as set out in the attached Order, you must provide the Court, by no later than April 15, 2021, with any submissions as to why your action should not be stayed. The Defendant may file any responding submissions by April 20, 2021.”

Yours truly,

Kathy Craigie
